

## Job Title: Laboratory Technician

Location: Bugbrooke, Northamptonshire

Department: Laboratory

Heygates is a family owned flour milling business based in Bugbrooke, Northamptonshire. Heygates family business virtues are quality, loyalty and good staff relations. The wider group employs over 1200 staff and is a modern and entrepreneurial company. The laboratory at Bugbrooke is a close knit team that provides test data which underpins business decisions.

The laboratory is a supportive environment. It is modern, well equipped with documented methods and robust training systems. Reliability, the ability to work quickly and maintain accurate work records, particularly with numbers, are all essential for the role. Also, the ability to accurately follow written and verbal instructions is important. However, previous experience of working within a laboratory environment is not essential. The team is made up of skilled staff with specialist knowledge allowing them to provide detailed training in all aspects of relevant laboratory work. All training will be provided.

This is a fantastic opportunity for the right candidate to secure regular hours in a permanent position. The role includes collecting and testing samples, reporting results and making up solutions. The ideal candidate will be hard-working, reliable, proactive and keen to interact well in a team.

The hours of work are 9:00am- 5:30pm Monday-Friday with 1 hours and 15 minutes for lunch. When trained you will be included in a Saturday morning rota (approx. 1 in 6) at over-time rates. Salary guide: Starting during training at £8.72, but dependent on relevant skills and experience. Holidays at 24 days per annum.

To be considered for this role, provide a detailed CV and letter of application electronically *via* <http://www.heygates.co.uk/jobs.php>
